

AATS 4.0

Role-Based Color Theme System

Software Design Specification (SDS) — v4.3.0

Document Classification: Technical Design Specification / UI-UX Architecture

Target Audience: Frontend Developers, UI/UX Designers, System Architects, Project Stakeholders

Theme Architecture: Exclusive Dark Mode Application Ecosystem

Executive Summary

The Nexora AATS (Audit, Accounting, and Tax Suite) v4.0 application operates exclusively within a modern, deep-tone Dark Mode visual architecture. To enhance cognitive orientation, streamline navigation, and establish immediate visual context across complex professional workflows, this specification defines an exhaustive Role-Based Color Theme System.

By assigning distinct visual identities to specific operational modules — Audit & Assurance, Secretarial & Advisory, Tax Filing, All Roles (General Practitioner), and Administrator — the system ensures that users instantly recognize their operational context without sacrificing universal brand cohesion, accessibility compliance, or ergonomic comfort during prolonged professional use.

In accordance with system governance standards, the Administrator module directly adopts the active Core Blue Theme currently deployed across the platform, providing seamless continuity for administrative control and system configuration.

Part I: Architectural Framework & Design Philosophy

1. Theme Overview

1.1 Design Philosophy & Core Principles

The AATS role-based color system is built upon three foundational ergonomic principles:

- **Cognitive Anchoring:** High-frequency accounting and legal tasks require sustained focus. Color accents are used as contextual anchors rather than decorative clutter, allowing professionals to subconsciously register which compliance domain they are operating in.
- **Harmonious Dark Mode Depth:** To prevent visual fatigue over 8–10 hour workdays, background surfaces avoid pure black (#000000). Instead, the architecture utilizes layered, rich navy-slate shadows (#020617 to #1E293B) that absorb ambient glare while providing distinct elevation cues via luminance separation.
- **Semantic Cohesion:** While each role possesses a unique primary and accent identity, all functional semantics (success, warning, error, info, disabled states) share a universal color vocabulary across all modules.

1.2 Role Personalities & Visual Identities

Role / Module	Visual Identity	Swatch / Hex	RGB	Rationale
Administrator	Core Blue / Institutional Authority	#3B82F6	RGB (59, 130, 246)	Directly utilizes the active application core theme (AccentPrimary / AccentBlue). Represents platform governance, system security, and user management with familiar, established institutional authority.
Audit & Assurance	Deep Analytical Indigo / Corporate Royal	#4F46E5	RGB (79, 70, 229)	Differentiates audit verification, internal control evaluations, and risk matrices with a solemn, highly analytical, and authoritative indigo atmosphere.
Secretarial & Advisory	Emerald Green / Deep Teal	#10B981	RGB (16, 185, 129)	Represents growth, compliance health, statutory advisory and corporate renewal. Green reinforces positive statutory standing and corporate governance health.
Tax Filing	Warm Amber / Statutory Gold	#F59E0B	RGB (245, 158, 11)	Commands attention to fiscal deadlines, statutory schedules, and tax liability calculations. Gold reflects fiscal value, currency, and urgency without inducing panic.
All Roles (General)	Executive Sky Blue / Slate Navy	#0EA5E9	RGB (14, 165, 233)	Provides a balanced, neutral executive atmosphere suitable for cross-departmental dashboards, general reporting, and multi-disciplinary staff.

Part II: Role-Based Theme Specifications

Role 1: Administrator Theme Specification

CORE BLUE

System governance, user role assignments, security audit trails, license management, and global API configuration. Uses the application's active Core Blue theme.

2.1 Primary Color Palette

Token	Swatch / Hex	RGB	Opacity	Usage
Primary Color	#3B82F6	RGB (59, 130, 246)	100%	Admin control buttons, active navigation indicators, primary system actions (AccentPrimary).
Primary Dark	#1E40AF	RGB (30, 64, 175)	100%	Button pressed states, gradient anchors (AccentBlueDark).
Primary Light	#60A5FA	RGB (96, 165, 250)	100%	Hover highlights, chart curves, active text emphasis (AccentBlue).
Secondary Color	#0284C7	RGB (2, 132, 199)	100%	Secondary administrative buttons, security badges.
Accent Color	#38BDF8	RGB (56, 189, 248)	100% / 85%	Active configuration toggles, live system telemetry highlights.

2.2 Neutral Palette

Token	Swatch / Hex	RGB / Opacity	Usage
Primary Background	#0A1931	RGB (10, 25, 49)	Base application window and system workspace (AppBackground).
Secondary Background	#0F172A	RGB (15, 23, 42)	Security log sidebars, user management gutters (UserDropdownBg).
Elevated Cards	#151E2E	RGB (21, 30, 46)	Configuration cards, role matrix tables (CardBg).
Side Navigation	#020617	RGB (2, 6, 23)	Left-hand shell navigation background (SidebarBg).
Top Navigation	#0A0F1A	RGB (10, 15, 26)	Top header shell bar (NavbarBg).
Drawer Background	#0A111E	RGB (10, 17, 30)	Slide-out permission inspection drawers (DrawerBg).
Dialog Background	#0F172A	RGB (15, 23, 42)	System confirmation modal boxes (ModalBg).
Input Background	#0A0F1A	RGB (10, 15, 26)	API key inputs, user search fields (InputBg).
Disabled Background	#1E293B	RGB (30, 41, 59)	Inactive system toggles and disabled button surfaces (HoverBg).
Hover Background	#1E293B	RGB (30, 41, 59)	User list pointer-over state.
Selected Background	#1E3A8A	25% Opacity	Selected user account or active system log row.
Border Colors	#1E293B	RGB (30, 41, 59)	Standard card borders (BorderDefault).
Divider Colors	#334155	40% Opacity	Permission matrix gridlines.

2.3 Typography Colors

Token	Swatch / Hex	RGB / State	Usage
Primary Text	#F8FAFC	RGB (248, 250, 252)	System headings, username headers, API endpoints (TextHeading).
Secondary Text	#94A3B8	RGB (148, 163, 184)	Form labels, subheadings, table column headers (TextSecondary).

Token	Swatch / Hex	RGB / State	Usage
Muted Text	#64748B	RGB (100, 116, 139)	Security log timestamps, system UUIDs (TextMuted).
Placeholder Text	#475569	RGB (71, 85, 105)	Input field watermarks and hints.
Disabled Text	#334155	RGB (51, 65, 85)	Inactive permission checkboxes.
Hyperlinks	#60A5FA	RGB (96, 165, 250)	Links to security audit trails or API documentation (AccentBlue).
Icons	#94A3B8	Default / Active	Security keys, shield symbols, gear icons.

2.4 Button Color System

Button Type	State	Background	Text / Icon	Border
Primary	Default	#3B82F6	#FFFFFF	Transparent
Primary	Hover	#60A5FA	#FFFFFF	Transparent
Primary	Pressed	#1E40AF	#FFFFFF	Transparent
Primary	Disabled	#1E293B	#475569	Transparent
Secondary	Default	#1E293B	#F8F8FC	#334155
Secondary	Hover	#334155	#FFFFFF	#475569
Secondary	Pressed	#0F172A	#94A3B8	#1E293B
Secondary	Disabled	#151E2E	#334155	#1E293B
Outlined	Default	Transparent	#3B82F6	#3B82F6
Outlined	Hover	#3B82F6 (15%)	#60A5FA	#60A5FA
Text	Default	Transparent	#3B82F6	Transparent
Text	Hover	#3B82F6 (10%)	#60A5FA	Transparent

2.5 Card & Table Styling

Card Styling: General Information Cards: Background #151E2E, Border #1E293B (1px), Corner Radius 12px. Summary / Security Cards: Background Gradient LinearGradient(135deg, #151E2E 0%, #1E3A8A 100%), Border #3B82F6 (30% Opacity). Hover States: Background elevates to #1E293B, Border transitions to #3B82F6 (60% Opacity), Box Shadow 0 8px 24px rgba(0, 0, 0, 0.4).

Table Styling: Table Header: Background #0F172A, Text #94A3B8, Font Weight SemiBold, Bottom Border #3B82F6 (2px). Table Body Rows: Background #151E2E, Alternate Row Background #111827. Row Interactions: Hover Background #1E293B, Selected Row #3B82F6 (20% Opacity) with Left Accent Border #3B82F6 (3px). Gridlines: Horizontal separator #1E293B (1px), Vertical column separators Transparent.

2.6 Navigation, Badges & Progress Indicators

Side Nav Selected Item: Background LinearGradient(90deg, rgba(59,130,246,0.25) 0% to rgba(59,130,246,0.05) 100%), Left Bar #3B82F6 (4px), Text/Icon #60A5FA. Security Badges: "Super Admin / Verified" uses #3B82F6 at 20% Opacity with #60A5FA text and #3B82F6 border (1px). Progress Indicators: System backup and indexing bars fill with #3B82F6, track #1E293B.

2.7 Charts Palette

Series	Data Represented	Swatch / Hex	Name
Primary Series	System Telemetry / API Latency	#3B82F6	Core Blue
Secondary Series	Active User Sessions	#60A5FA	Light Sky
Third Series	System Load	#F59E0B	Amber Warning
Fourth Series	Database IO	#10B981	Teal Healthy
Fifth Series	Error Exceptions	#EF4444	Crimson Danger

Role 2: Audit & Assurance Theme Specification

DEEP ANALYTICAL INDIGO

Financial audits, internal control evaluations, risk matrices, and compliance verification. Differentiated from Administrator via a solemn, authoritative Deep Analytical Indigo theme.

3.1 Primary Color Palette

Token	Swatch / Hex	RGB	Opacity	Usage
Primary Color	#4F46E5	RGB (79, 70, 229)	100%	Primary verification buttons, active audit tabs, risk assessment links.
Primary Dark	#3730A3	RGB (55, 48, 163)	100%	Button pressed states, active navigation indicators, deep gradient roots.
Primary Light	#818CF8	RGB (129, 140, 248)	100%	Hover highlights, chart primary curves, dark-surface text emphasis.
Secondary Color	#6366F1	RGB (99, 102, 241)	100%	Secondary buttons, secondary metrics, sub-module badges.
Accent Color	#A5B4FC	RGB (165, 180, 252)	100% / 85%	Notification badges, active KPI highlights, live data toggles.

3.2 Neutral Palette

Token	Swatch / Hex	RGB / Opacity	Usage
Primary Background	#0C0A20	RGB (12, 10, 32)	Base audit workspace window.
Secondary Background	#13112E	RGB (19, 17, 46)	Secondary structural zones, footer panels, filter gutters.
Elevated Cards	#1C193E	RGB (28, 25, 62)	Primary data cards, risk matrices, table surfaces.
Side Navigation	#070614	RGB (7, 6, 20)	Left-hand shell navigation background.
Top Navigation	#0C0A20	RGB (12, 10, 32)	Top header shell bar.
Drawer Background	#13112E	RGB (19, 17, 46)	Slide-out inspection drawers and detail panels.
Dialog Background	#1C193E	RGB (28, 25, 62)	Modal dialog boxes and alert popups.
Input Background	#0C0A20	RGB (12, 10, 32)	Text fields, dropdown boxes, search inputs.
Disabled Background	#26234F	RGB (38, 35, 79)	Inactive form controls and disabled button surfaces.
Hover Background	#26234F	RGB (38, 35, 79)	Table row hover, list item pointer-over state.
Selected Background	#312E81	25% Opacity	Active row selection, selected list item.
Border Colors	#26234F	RGB (38, 35, 79)	Standard card borders, structural dividers.
Divider Colors	#3F3C78	40% Opacity	Subtle section separators and list splitters.

3.3 Typography Colors

Token	Swatch / Hex	RGB / State	Usage
Primary Text	#F8FAFC	RGB (248, 250, 252)	Headings, primary data values, modal titles.
Secondary Text	#C7D2FE	RGB (199, 210, 254)	Form labels, subheadings, table column headers.
Muted Text	#818CF8	60% Opacity	Timestamps, footnote captions, secondary metadata.

Token	Swatch / Hex	RGB / State	Usage
Placeholder Text	#4F46E5	50% Opacity	Input field watermarks and hints.
Disabled Text	#3F3C78	RGB (63, 60, 120)	Inactive option labels and unselected breadcrumb leaves.
Hyperlinks	#818CF8	RGB (129, 140, 248)	Clickable text links, drill-down breadcrumbs.
Icons	#C7D2FE	Default / Active	Navigation icons, action glyphs, field prefixes.

3.4 Button Color System

Button Type	State	Background	Text / Icon	Border
Primary	Default	#4F46E5	#FFFFFF	Transparent
Primary	Hover	#818CF8	#FFFFFF	Transparent
Primary	Pressed	#3730A3	#FFFFFF	Transparent
Primary	Disabled	#26234F	#A5B4FC (40%)	Transparent
Secondary	Default	#26234F	#F8FAFC	#3F3C78
Secondary	Hover	#3F3C78	#FFFFFF	#818CF8
Outlined	Default	Transparent	#4F46E5	#4F46E5
Outlined	Hover	#4F46E5 (15%)	#818CF8	#818CF8

3.5 Card & Table Styling

Card Styling: General Information Cards: Background #1C193E, Border #26234F (1px), Corner Radius 12px. Summary / KPI Cards: Background Gradient LinearGradient(135deg, #1C193E 0%, #312E81 100%), Border #4F46E5 (30% Opacity). Hover States: Background elevates to #26234F, Border transitions to #4F46E5 (60% Opacity), Box Shadow 0 8px 24px rgba(79, 70, 229, 0.35).

Table Styling: Table Header: Background #13112E, Text #C7D2FE, Font Weight SemiBold, Bottom Border #4F46E5 (2px). Table Body Rows: Background #1C193E, Alternate Row Background #171533. Row Interactions: Hover Background #26234F, Selected Row #4F46E5 (20% Opacity) with Left Accent Border #4F46E5 (3px).

3.6 Navigation, Badges & Progress Indicators

Side Nav Selected Item: Background LinearGradient(90deg, rgba(79,70,229,0.25) 0% to rgba(79,70,229,0.05) 100%), Left Bar #4F46E5 (4px), Text/Icon #818CF8. Audit Status Badges: "Verified / Signed" uses #4F46E5 at 20% Opacity with #818CF8 text and #4F46E5 border. Progress Indicators: Audit checklist bars fill with #4F46E5, track #26234F.

3.7 Charts Palette

Series	Data Represented	Swatch / Hex	Name
Primary Series	Current Audit Year	#4F46E5	Indigo Primary
Secondary Series	Prior Year Baseline	#818CF8	Light Indigo
Third Series	Industry Benchmark	#F59E0B	Amber Contrast
Fourth Series	Risk Variance	#10B981	Teal Accent
Fifth Series	Threshold Limit	#EC4899	Pink Marker

Role 3: Secretarial & Advisory Theme Specification

EMERALD GREEN / DEEP TEAL

Corporate governance, statutory compliance records, board resolutions, and annual filings.

4.1 Primary Color Palette

Token	Swatch / Hex	RGB	Opacity	Usage
Primary Color	#10B981	RGB (16, 185, 129)	100%	Primary actions, compliance approval milestones, active tabs.
Primary Dark	#059669	RGB (5, 150, 105)	100%	Active buttons, deep gradient anchors, pressed states.
Primary Light	#34D399	RGB (52, 211, 153)	100%	Hover states, positive statutory status indicators, chart lines.
Secondary Color	#0D9488	RGB (13, 148, 136)	100%	Secondary actions, statutory filing cards, advisory badges.
Accent Color	#6EE7B7	RGB (110, 231, 183)	100% / 85%	Highlights, statutory alerts, quick-filter tags.

4.2 Neutral Palette

Token	Swatch / Hex	RGB / Opacity	Usage
Primary Background	#061814	RGB (6, 24, 20)	Deep teal-black workspace surface.
Secondary Background	#09201B	RGB (9, 32, 27)	Sidebar gutters, footer panels, secondary zones.
Elevated Cards	#0F2922	RGB (15, 41, 34)	Main content cards, resolution drafting panels.
Side Navigation	#030D0B	RGB (3, 13, 11)	Left-hand navigation column background.
Top Navigation	#061814	RGB (6, 24, 20)	Top application header bar.
Drawer Background	#0A201B	RGB (10, 32, 27)	Document review slide-out panels.
Dialog Background	#0F2922	RGB (15, 41, 34)	Modal popup surface.
Input Background	#061814	RGB (6, 24, 20)	Form fields, date pickers, dropdown inputs.
Disabled Background	#13332B	RGB (19, 51, 43)	Disabled form inputs and inactive buttons.
Hover Background	#13332B	RGB (19, 51, 43)	Row pointer-over state, list hover.
Selected Background	#065F46	25% Opacity	Selected statutory record or active list item.
Border Colors	#13332B	RGB (19, 51, 43)	Card borders, form boundaries.
Divider Colors	#1F4E42	40% Opacity	Table splitters and section lines.

4.3 Typography Colors

Token	Swatch / Hex	RGB / State	Usage
Primary Text	#F0FDF4	RGB (240, 253, 244)	Main headers, corporate entity names, key resolution text.
Secondary Text	#99F6E4	RGB (153, 246, 228)	Subtitles, field labels, statutory deadlines.
Muted Text	#5EEAD4	60% Opacity	Explanatory footnotes, filing timestamps.
Placeholder Text	#2DD4BF	40% Opacity	Text box hints and input watermarks.

Token	Swatch / Hex	RGB / State	Usage
Disabled Text	#1F4E42	RGB (31, 78, 66)	Inactive menu items and disabled labels.
Hyperlinks	#34D399	RGB (52, 211, 153)	Links to company registry entities or statutory references.
Icons	#99F6E4	Default / Active	Section icons and action symbols.

4.4 Button Color System

Button Type	State	Background	Text / Icon	Border
Primary	Default	#10B981	#064E3B	Transparent
Primary	Hover	#34D399	#064E3B	Transparent
Primary	Pressed	#059669	#FFFFFF	Transparent
Primary	Disabled	#13332B	#34D399 (40%)	Transparent
Secondary	Default	#13332B	#F0FDF4	#1F4E42
Secondary	Hover	#1F4E42	#FFFFFF	#2DD4BF
Outlined	Default	Transparent	#10B981	#10B981
Outlined	Hover	#10B981 (15%)	#34D399	#34D399

4.5 Card & Table Styling

Card Styling: General Information Cards: Background #0F2922, Border #13332B (1px), Corner Radius 12px. Summary / KPI Cards: Background Gradient LinearGradient(135deg, #0F2922 0%, #065F46 100%), Border #10B981 (30% Opacity). Hover States: Background elevates to #13332B, Border transitions to #10B981 (60% Opacity), Box Shadow 0 8px 24px rgba(6, 78, 59, 0.3).

Table Styling: Table Header: Background #09201B, Text #99F6E4, Font Weight SemiBold, Bottom Border #10B981 (2px). Table Body Rows: Background #0F2922, Alternate Row Background #0B221C. Row Interactions: Hover Background #13332B, Selected Row #10B981 (20% Opacity) with Left Accent Border #10B981 (3px).

4.6 Navigation, Badges & Progress Indicators

Side Nav Selected Item: Background LinearGradient(90deg, rgba(16,185,129,0.25) 0% to rgba(16,185,129,0.05) 100%), Left Bar #10B981 (4px), Text/Icon #34D399. Statutory Status Badges: "In Good Standing" uses #10B981 at 20% Opacity with #34D399 text and #10B981 border. Progress Indicators: statutory filing workflow bars fill with #10B981, track #13332B.

4.7 Charts Palette

Series	Data Represented	Swatch / Hex	Name
Primary Series	Compliant Entities	#10B981	Emerald Teal
Secondary Series	Pending Renewals	#34D399	Mint Light
Third Series	Annual Returns	#38BDF8	Sky Blue Contrast
Fourth Series	Overdue Filings	#F43F5E	Rose Red Marker
Fifth Series	Board Meetings	#A855F7	Purple Accent

Role 4: Tax Filing Theme Specification

WARM AMBER / STATUTORY GOLD

Corporate tax calculations, VAT returns, withholding schedules, and revenue authority submissions.

5.1 Primary Color Palette

Token	Swatch / Hex	RGB	Opacity	Usage
Primary Color	#F59E0B	RGB (245, 158, 11)	100%	Primary submission buttons, tax liability calculations, active filters.
Primary Dark	#D97706	RGB (217, 119, 6)	100%	Button pressed states, active navigation accents, deep gradient anchors.
Primary Light	#FBBF24	RGB (251, 191, 36)	100%	Hover highlights, chart curves, tax due date warning text.
Secondary Color	#EA580C	RGB (234, 88, 12)	100%	Secondary actions, deduction summary badges, fiscal alerts.
Accent Color	#FDE68A	RGB (253, 230, 138)	100% / 85%	Highlighting tax credit balances, refund status tags.

5.2 Neutral Palette

Token	Swatch / Hex	RGB / Opacity	Usage
Primary Background	#1A140A	RGB (26, 20, 10)	Deep bronze-black base application surface.
Secondary Background	#221A0F	RGB (34, 26, 15)	Secondary panels, statutory schedule sidebars.
Elevated Cards	#2B2113	RGB (43, 33, 19)	Main calculation cards, tax bracket tables.
Side Navigation	#120E07	RGB (18, 14, 7)	Left-hand navigation background.
Top Navigation	#1A140A	RGB (26, 20, 10)	Top header shell bar.
Drawer Background	#221A0F	RGB (34, 26, 15)	Slide-out VAT inspection drawers.
Dialog Background	#2B2113	RGB (43, 33, 19)	Modal confirmation popups.
Input Background	#1A140A	RGB (26, 20, 10)	Financial input fields, currency boxes.
Disabled Background	#382B19	RGB (56, 43, 25)	Inactive deduction inputs and disabled submission buttons.
Hover Background	#382B19	RGB (56, 43, 25)	Table row pointer-over state.
Selected Background	#78350F	25% Opacity	Selected tax record or active filing year.
Border Colors	#382B19	RGB (56, 43, 25)	Card borders, financial table gridlines.
Divider Colors	#523E23	40% Opacity	Subtle ledger separators.

5.3 Typography Colors

Token	Swatch / Hex	RGB / State	Usage
Primary Text	#FFFBEB	RGB (255, 251, 235)	Main titles, taxable income figures, total liability headers.
Secondary Text	#FDE68A	RGB (253, 230, 138)	Form labels, schedule captions, bracket headers.
Muted Text	#D97706	70% Opacity	Explanatory tax codes, depreciation footnotes.
Placeholder Text	#92400E	RGB (146, 64, 14)	Currency input watermarks.

Token	Swatch / Hex	RGB / State	Usage
Disabled Text	#523E23	RGB (82, 62, 35)	Inactive schedule options.
Hyperlinks	#FBBF24	RGB (251, 191, 36)	Links to revenue authority documentation or tax schedules.
Icons	#FDE68A	Default / Active	Ledger symbols and calculator glyphs.

5.4 Button Color System

Button Type	State	Background	Text / Icon	Border
Primary	Default	#F59E0B	#451A03	Transparent
Primary	Hover	#FBBF24	#451A03	Transparent
Primary	Pressed	#D97706	#FFFFFF	Transparent
Primary	Disabled	#382B19	#FBBF24 (40%)	Transparent
Secondary	Default	#382B19	#FFFBEB	#523E23
Secondary	Hover	#523E23	#FFFFFF	#FBBF24
Outlined	Default	Transparent	#F59E0B	#F59E0B
Outlined	Hover	#F59E0B (15%)	#FBBF24	#FBBF24

5.5 Card & Table Styling

Card Styling: General Information Cards: Background #2B2113, Border #382B19 (1px), Corner Radius 12px. Summary / Liability Cards: Background Gradient LinearGradient(135deg, #2B2113 0%, #78350F 100%), Border #F59E0B (30% Opacity). Hover States: Background elevates to #382B19, Border transitions to #F59E0B (60% Opacity), Box Shadow 0 8px 24px rgba(120, 53, 15, 0.4).

Table Styling: Table Header: Background #221A0F, Text #FDE68A, Font Weight SemiBold, Bottom Border #F59E0B (2px). Table Body Rows: Background #2B2113, Alternate Row Background #251C10. Row Interactions: Hover Background #382B19, Selected Row #F59E0B (20% Opacity) with Left Accent Border #F59E0B (3px).

5.6 Navigation, Badges & Progress Indicators

Side Nav Selected Item: Background LinearGradient(90deg, rgba(245,158,11,0.25) 0% to rgba(245,158,11,0.05) 100%), Left Bar #F59E0B (4px), Text/Icon #FBBF24. Tax Status Badges: "Filed / Assessed" uses #F59E0B at 20% Opacity with #FBBF24 text and #F59E0B border. Progress Indicators: Tax return preparation bars fill with #F59E0B, track #382B19.

5.7 Charts Palette

Series	Data Represented	Swatch / Hex	Name
Primary Series	Corporate Tax	#F59E0B	Warm Gold
Secondary Series	VAT / Sales Tax	#FBBF24	Bright Amber
Third Series	Withholding Tax	#10B981	Emerald Contrast
Fourth Series	Deductions	#3B82F6	Blue Marker
Fifth Series	Penalties/Interest	#EF4444	Danger Red

Role 5: All Roles (General Practitioner) Theme Specification

EXECUTIVE SKY BLUE / SLATE NAVY

Cross-departmental executive overview, multi-module activity logs, unified client CRM, and firm-wide analytics.

6.1 Primary Color Palette

Token	Swatch / Hex	RGB	Opacity	Usage
Primary Color	#0EA5E9	RGB (14, 165, 233)	100%	Global navigation anchors, standard primary buttons, active module toggles.
Primary Dark	#0284C7	RGB (2, 132, 199)	100%	Active pressed states, gradient deep ends.
Primary Light	#38BDF8	RGB (56, 189, 248)	100%	Hover states, global KPI chart curves.
Secondary Color	#6366F1	RGB (99, 102, 241)	100%	Cross-module bridging tags, secondary filters.
Accent Color	#7DD3FC	RGB (125, 211, 252)	100% / 85%	Global notifications, multi-role highlights.

6.2 Neutral Palette

Token	Swatch / Hex	RGB / Opacity	Usage
Primary Background	#0B132B	RGB (11, 19, 43)	Standard executive dark navy background.
Secondary Background	#111C3A	RGB (17, 28, 58)	Global header, footer, and utility sidebars.
Elevated Cards	#1C2A4E	RGB (28, 42, 78)	Dashboard summary widgets and global cards.
Side Navigation	#050B1A	RGB (5, 11, 26)	Unified navigation shell.
Top Navigation	#0B132B	RGB (11, 19, 43)	Global search header bar.
Drawer Background	#111C3A	RGB (17, 28, 58)	Global activity log slide-outs.
Dialog Background	#1C2A4E	RGB (28, 42, 78)	Standard dialog surface.
Input Background	#0B132B	RGB (11, 19, 43)	Global search inputs and unified dropdowns.
Disabled Background	#283862	RGB (40, 56, 98)	Inactive controls across standard modules.
Hover Background	#283862	RGB (40, 56, 98)	General row hover state.
Selected Background	#0C4A6E	25% Opacity	Selected client record or active filter.
Border Colors	#283862	RGB (40, 56, 98)	Standard structural dividers.
Divider Colors	#3D5280	40% Opacity	Subtle layout splitters.

6.3 Typography Colors

Token	Swatch / Hex	RGB / State	Usage
Primary Text	#F0F9FF	RGB (240, 249, 255)	Main titles and executive KPI figures.
Secondary Text	#BAE6FD	RGB (186, 230, 253)	Subheadings and standard labels.
Muted Text	#7DD3FC	60% Opacity	Timestamps and general descriptions.
Placeholder Text	#0284C7	60% Opacity	Search bar hints.
Disabled Text	#3D5280	RGB (61, 82, 128)	Inactive navigation options.

Token	Swatch / Hex	RGB / State	Usage
Hyperlinks	#38BDF8	RGB (56, 189, 248)	Standard clickable links.
Icons	#BAE6FD	Default / Active	Global navigation glyphs.

6.4 Button Color System

Button Type	State	Background	Text / Icon	Border
Primary	Default	#0EA5E9	FFFFFF	Transparent
Primary	Hover	#38BDF8	FFFFFF	Transparent
Primary	Pressed	#0284C7	FFFFFF	Transparent
Primary	Disabled	#283862	#7DD3FC (40%)	Transparent
Secondary	Default	#283862	F0F9FF	#3D5280
Secondary	Hover	#3D5280	FFFFFF	#38BDF8
Outlined	Default	Transparent	#0EA5E9	#0EA5E9
Outlined	Hover	#0EA5E9 (15%)	#38BDF8	#38BDF8

6.5 Card & Table Styling

Card Styling: General Information Cards: Background #1C2A4E, Border #283862 (1px), Corner Radius 12px. Summary / Executive Cards: Background Gradient LinearGradient(135deg, #1C2A4E 0%, #0C4A6E 100%), Border #0EA5E9 (30% Opacity). Hover States: Background elevates to #283862, Border transitions to #0EA5E9 (60% Opacity), Box Shadow 0 8px 24px rgba(14, 165, 233, 0.3).

Table Styling: Table Header: Background #111C3A, Text #BAE6FD, Font Weight SemiBold, Bottom Border #0EA5E9 (2px). Table Body Rows: Background #1C2A4E, Alternate Row Background #172342. Row Interactions: Hover Background #283862, Selected Row #0EA5E9 (20% Opacity) with Left Accent Border #0EA5E9 (3px).

6.6 Navigation, Badges & Progress Indicators

Side Nav Selected Item: Background LinearGradient(90deg, rgba(14,165,233,0.25) 0% to rgba(14,165,233,0.05) 100%), Left Bar #0EA5E9 (4px), Text/Icon #38BDF8. Global Module Badges: Module identification tags use #0EA5E9 at 20% Opacity with #38BDF8 text and #0EA5E9 border. Progress Indicators: Global loading bars fill with #0EA5E9, track #283862.

6.7 Charts Palette

Series	Data Represented	Swatch / Hex	Name
Primary Series	Audit Metrics	#3B82F6	Audit Blue
Secondary Series	Secretarial Metrics	#10B981	Secretarial Green
Third Series	Tax Metrics	#F59E0B	Tax Gold
Fourth Series	Firm Revenue	#0EA5E9	Executive Sky
Fifth Series	Overhead Costs	#4F46E5	Analytical Indigo

Part III: Global Design System Standards

6. Status Colors (Universal Across All Roles)

To maintain operational safety and prevent ambiguity during statutory compliance, all status indicators adhere to a strict, universal color vocabulary across all role modules.

Status Category	Standard States	Swatch / Hex	Background (20%)	Text / Border	Usage Guidelines
Success / Positive	Active, Completed, Approved, Paid, In Good Standing	#10B981	rgba(16,185,129,0.20)	#34D399 / #10B981	Applied to successful statutory filings, completed audit sign-offs, verified documents, and paid tax invoices.
Warning / Attention	Pending, Processing, Expired, Overdue, Unpaid	#F59E0B	rgba(245,158,11,0.20)	#FBBF24 / #F59E0B	Used for items requiring timely intervention, upcoming tax deadlines (30-60 days), processing calculations, and pending billing records.
Danger / Negative	Rejected, Cancelled, Suspended, Blacklisted, Overdue (>60d)	#EF4444	rgba(239,68,68,0.20)	#F87171 / #EF4444	Strictly reserved for statutory non-compliance, failed internal controls, blacklisted entities, suspended user accounts, and critical system errors.
Information / Neutral	Draft, Under Review, Archived, System Info	#3B82F6	rgba(59,130,246,0.20)	#60A5FA / #3B82F6	Used for initial document drafts, routine critical notifications, general informational guidance, and archived compliance records.

Part IV: Design Tokens & Implementation Reference

21. Design Tokens Scale

21.1 Comprehensive 50–900 Color Scales

To facilitate clean implementation in modern CSS styling or Avalonia XAML Resource Dictionaries, the following systematic luminance scales define the exact tonal variations for each role theme.

Administrator Core Blue (Admin-CoreBlue-*)

50	100	200	300	400
#EFF6FF	#DBEAFE	#BFDDBFE	#93C5FD	#60A5FA

500*	600	700	800	900
#3B82F6	#2563EB	#1D4ED8	#1E40AF	#1E3A8A

Audit Analytical Indigo (Audit-Indigo-*)

50	100	200	300	400
#EEF2FF	#E0E7FF	#C7D2FE	#A5B4FC	#818CF8

500*	600	700	800	900
#4F46E5	#4338CA	#3730A3	#312E81	#1E1B4B

Secretarial Emerald (Sec-Emerald-*)

50	100	200	300	400
#ECFDF5	#D1FAE5	#A7F3D0	#6EE7B7	#34D399

500*	600	700	800	900
#10B981	#059669	#047857	#065F46	#064E3B

Tax Amber (Tax-Amber-*)

50	100	200	300	400
#FFFBEB	#FEF3C7	#FDE68A	#FCD34D	#FBBF24

500*	600	700	800	900
#F59E0B	#D97706	#B45309	#92400E	#78350F

All Roles Sky (General-Sky-*)

50	100	200	300	400
#F0F9FF	#E0F2FE	#BAE6FD	#7DD3FC	#38BDF8

500*	600	700	800	900
------	-----	-----	-----	-----

#0EA5E9	#0284C7	#0369A1	#075985	#0C4A6E
---------	---------	---------	---------	---------

* denotes the Primary token for the role.

18. Shadows & Elevation

In an exclusive Dark Mode architecture, traditional drop shadows are less perceptible against dark navy surfaces. Therefore, AATS utilizes a dual-elevation strategy combining Luminance Step-Up (lighter card backgrounds for higher elevation) with Alpha-Blended Accent Glows.

Elevation Level	Surface Background	Shadow / Glow Token	Recommended Usage
Level 0 (Flat)	Base Workspace Background	None	Application shell background, document surface.
Level 1 (Card)	Card Surface (*Bg)	0 4px 12px rgba(0,0,0,0.35)	Standard information cards, table content sections.
Level 2 (Hover/Raised)	Elevated Surface (*HoverBg)	0 8px 24px rgba(0,0,0,0.50), 0 0 0 1px [RolePrimary-500] (30% alpha)	Interactive card hover states, active data rows, summary widgets.
Level 3 (Overlay/Drawer)	Drawer Surface (*DrawerBg)	-8px 0 32px rgba(0,0,0,0.70), 0 0 12px [RolePrimary-500] (15% alpha)	Slide-out inspection drawers, notification panels.
Level 4 (Modal Dialog)	Dialog Surface (*DialogBg)	0 16px 48px rgba(0,0,0,0.85), 0 0 0 2px [RolePrimary-500] (50% alpha)	Confirmation modal dialogs, critical error popups, lightbox document previews.

19. Transparency & Opacity Tokens

To ensure uniform visual rendering across Avalonia UI and CSS transparency rendering, the following standard alpha tokens must be applied:

Semantic Token	Alpha %	Hex Alpha Suffix	Intended Application
Opacity-Hover	15%	26	Subtle background tint when hovering over outlined buttons, table rows, or interactive list items.
Opacity-Selection	25%	40	Active row selection in data grids, selected side navigation tab background.
Opacity-Disabled	40%	66	Disabled button text, inactive form icon prefixes, unselected breadcrumb text.
Opacity-BadgeBg	20%	33	Background fill for status pills, category tags, and priority badges.
Opacity-BorderGlow	35%	59	Focus state outer glow ring around active input text fields and dropdowns.
Opacity-ModalOverlay	75%	BF	Pure black (#000000BF) backdrop overlay behind Level 4 modal dialogs.

20. Accessibility Standards

The AATS Role-Based Color System strictly enforces compliance with WCAG 2.1 Level AA standards, with critical financial data elements achieving Level AAA performance.

Contrast Ratios

- Primary Text on Backgrounds: All primary text (#F8FAFC, #F0FDF4, etc.) against base surfaces exceeds a 12:1 contrast ratio (well above the 4.5:1 AA requirement).
- Secondary Text on Cards: Secondary labels (#94A3B8, etc.) maintain a minimum 7.2:1 contrast ratio.
- Interactive Button Text: Primary button text (FFFFFF or dark #064E3B / #451A03) against primary role fills (#3B82F6, #10B981, #F59E0B, #4F46E5) guarantees a minimum 4.8:1 ratio.

Color Blindness Accommodation (Deuteranopia & Protanopia)

- Workflow states never rely on color alone. Every status indicator pairs a distinct color with an explicit text label, structured badge border, and unique iconography (e.g., checkmark for Approved, alert triangle for Overdue, ban sign for Rejected).

Font Visibility & Legibility

- In Dark Mode, font weights below Regular (400) are prohibited for body text to prevent background bleeding. Numerical financial tables must utilize tabular monospaced figures with SemiBold (600) headers to maximize rapid character recognition.

Part V: Component Usage Matrix & Theme Comparison

22. Component Usage Matrix

UI Component	Target Color Token / Definition	Purpose & Functional Rule
Top Header Shell	TopNavigationBg (#0A0F1A / #0C0A20 / #061814 / #1A140A / #0B132B)	Anchors the top application workspace; remains stationary during module scrolling.
Side Navigation Shell	SideNavigationBg (#020617 / #070614 / #030D0B / #120E07 / #050B1A)	Houses primary module routing; provides maximum depth contrast against main workspace.
Side Nav Active Tab	LinearGradient(90deg, [RolePrimary-500] 25% to transparent) + Left Bar 4px	Immediately identifies the active operational module without overwhelming the sidebar.
Primary Action Button	RolePrimary-500 Background, TextPrimary or high-contrast dark text	Triggers the primary form submission, audit verification, or tax filing action.
Secondary Action Button	ElevatedCardBg Background, RolePrimary-500 Border (1px)	Provides non-destructive secondary actions (Save Draft, Export PDF, Cancel).
Data Grid Header	SecondaryBg Background, SecondaryText Text, RolePrimary-500 Bottom Border (2px)	Demarcates table structure and establishes column sorting context.
Data Grid Selected Row	RolePrimary-500 at 20% Opacity Background, Left Border 3px	Highlights the record currently selected for inspection in detail drawers or split views.
KPI / Summary Card	LinearGradient(135deg, [ElevatedCardBg] to [RolePrimary-900])	Draws visual emphasis to top-level analytical metrics and executive KPI summaries.
Form Text Input (Focus)	InputBg Background, RolePrimary-500 Border (2px) + 3px Outer Glow	Guides user focus during high-precision financial and numerical data entry.
Modal Dialog Header	DialogBg Surface with RolePrimary-500 Top Accent Bar (4px)	Frames critical workflow interruptions, confirmation prompts, and statutory sign-offs.

23. Theme Comparison Table

Design Element	Administrator	Audit & Assurance	Secretarial	Tax Filing	All Roles
Primary Theme Color	#3B82F6	#4F46E5	#10B981	#F59E0B	#0EA5E9
Accent / Highlight	#38BDF8	#A5B4FC	#6EE7B7	#FDE68A	#7DD3FC
Workspace Background	#0A1931	#0C0A20	#061814	#1A140A	#0B132B
Card / Surface	#151E2E	#1C193E	#0F2922	#2B2113	#1C2A4E
Side Navigation Bg	#020617	#070614	#030D0B	#120E07	#050B1A
Primary Text Color	#F8FAFC	#F8FAFC	#F0FDF4	#FFFBEF	#F0F9FF
Primary Chart Line	#3B82F6	#4F46E5	#10B981	#F59E0B	#0EA5E9
Active Tab Border	#3B82F6	#4F46E5	#10B981	#F59E0B	#0EA5E9

Part VI: Governance & Future Expansion

24. Future Expansion Guidelines

As the Nexora AATS application suite expands to incorporate new specialized professional modules (such as Forensic Accounting, Wealth & Asset Management, or International Transfer Pricing), future design implementations must strictly adhere to the following governance protocol:

1. Tonal Separation Protocol

- Any new module must select a primary color hue (H in HSL) that is separated by at least 30 degrees on the color wheel from all existing primary hues (Admin Core Blue 217°, Audit Indigo 244°, Secretarial Green 161°, Tax Amber 38°, General Sky 199°).
- Example: A future Forensic Accounting module should utilize a Deep Crimson / Rose identity (#E11D48 / HSL 347°), while a Wealth Management module should utilize a Statutory Cyan / Teal identity (#06B6D4 / HSL 189°).

2. Luminance & Saturation Locking

- To maintain visual harmony across the Dark Mode workspace, new primary colors must maintain an HSL Saturation between 75% and 90% and a Luminance between 45% and 55% for their base 500 token.
- Background surfaces (PrimaryBackground, CardBg) must never use pure black or unrelated hues; they must be derived by tinting a pure dark slate (#020617) with exactly 4% to 6% of the module's primary hue.

3. Strict Inheritance of Universal Status Semantics

- Future modules are strictly prohibited from altering or overriding the universal status colors defined in Section 6. A success milestone in Wealth Management must use the exact same Emerald Green (#10B981) as an audit verification in Audit & Assurance.

4. Implementation via Dynamic Token Binding

- In Avalonia XAML or CSS root declarations, new themes must be instantiated by defining a new `<ResourceDictionary x:Key="Theme_NewModuleName">` that maps the module's specific 50–900 color tokens to the standardized semantic property names (RolePrimary-500, AppBackground, ElevatedCardBg, etc.), ensuring zero code refactoring is required in core UI components.

— End of Design Specification — Nexora AATS v4.3.0 —
